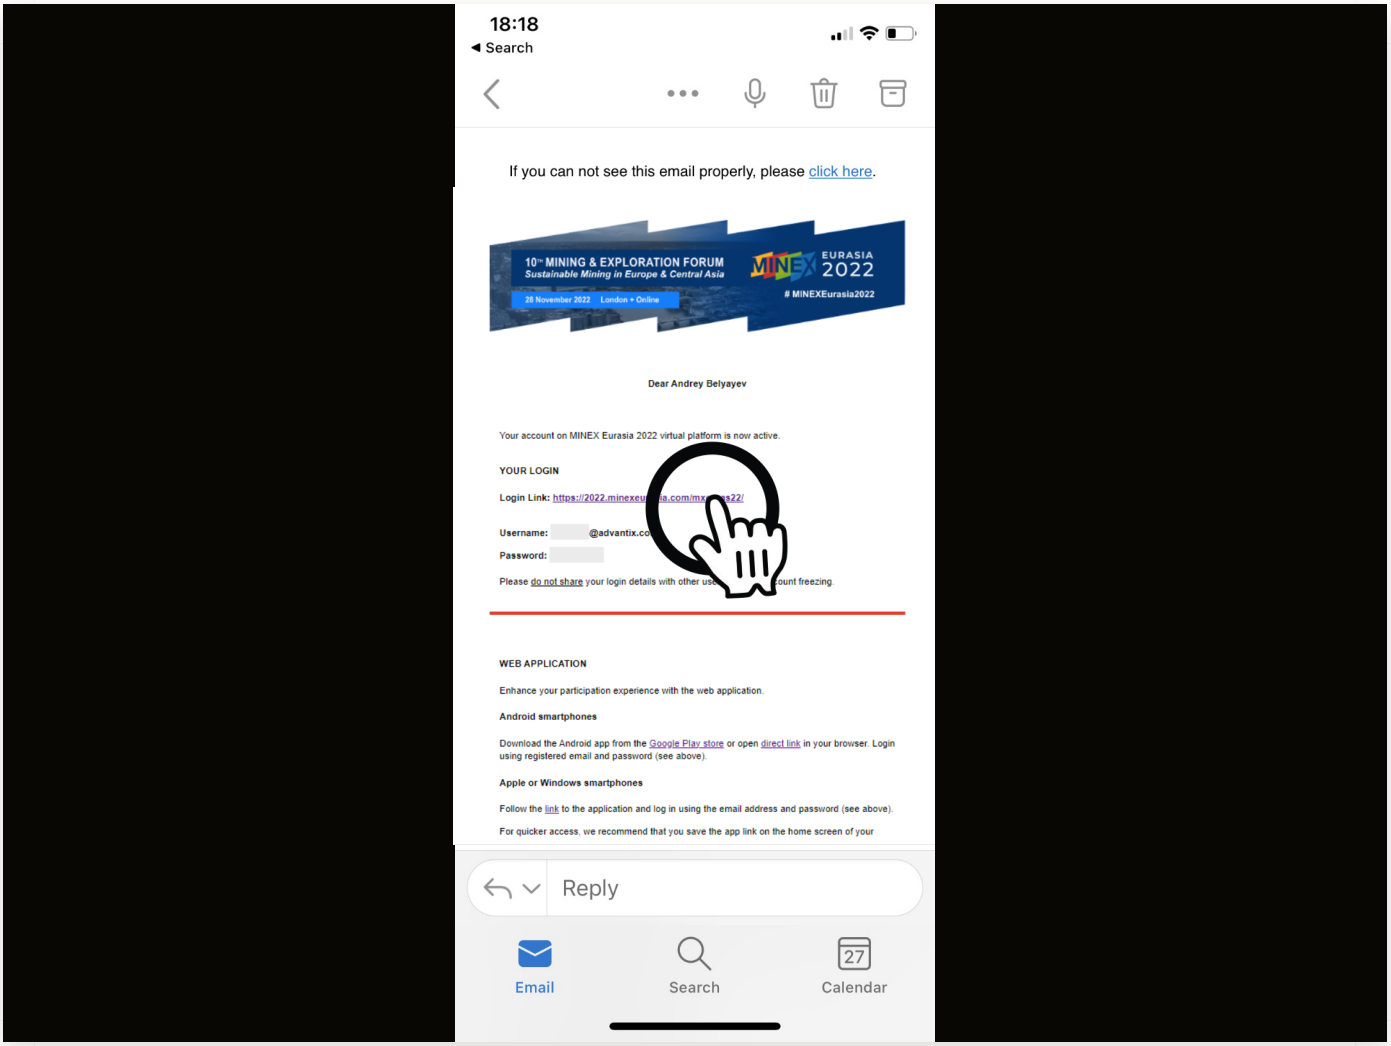
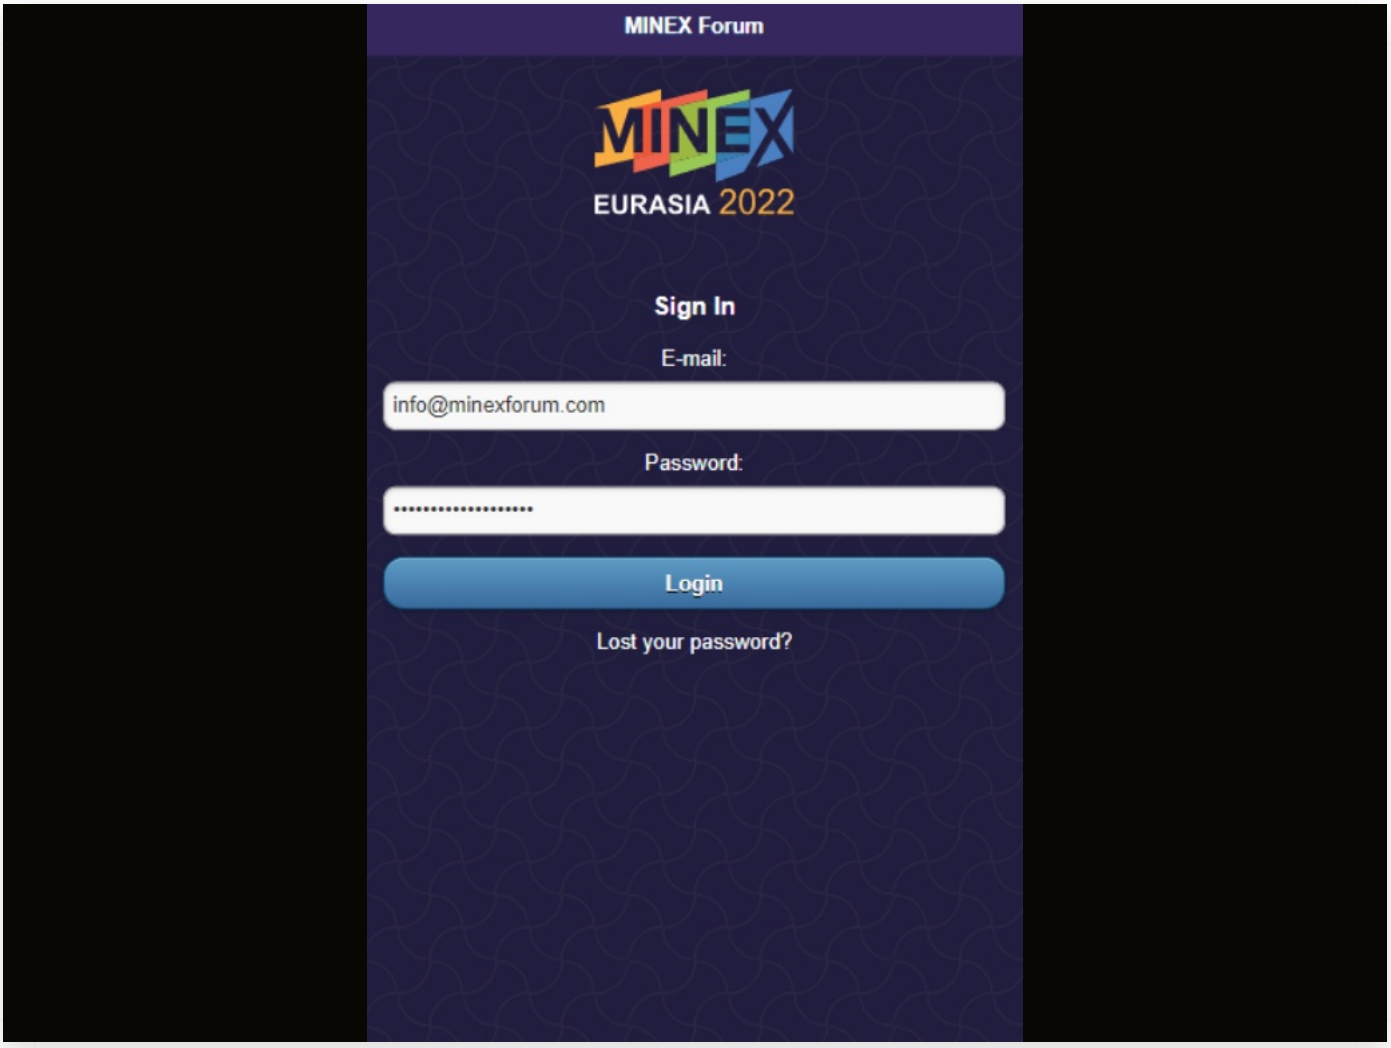
MINEX Eurasia - App Shortcut

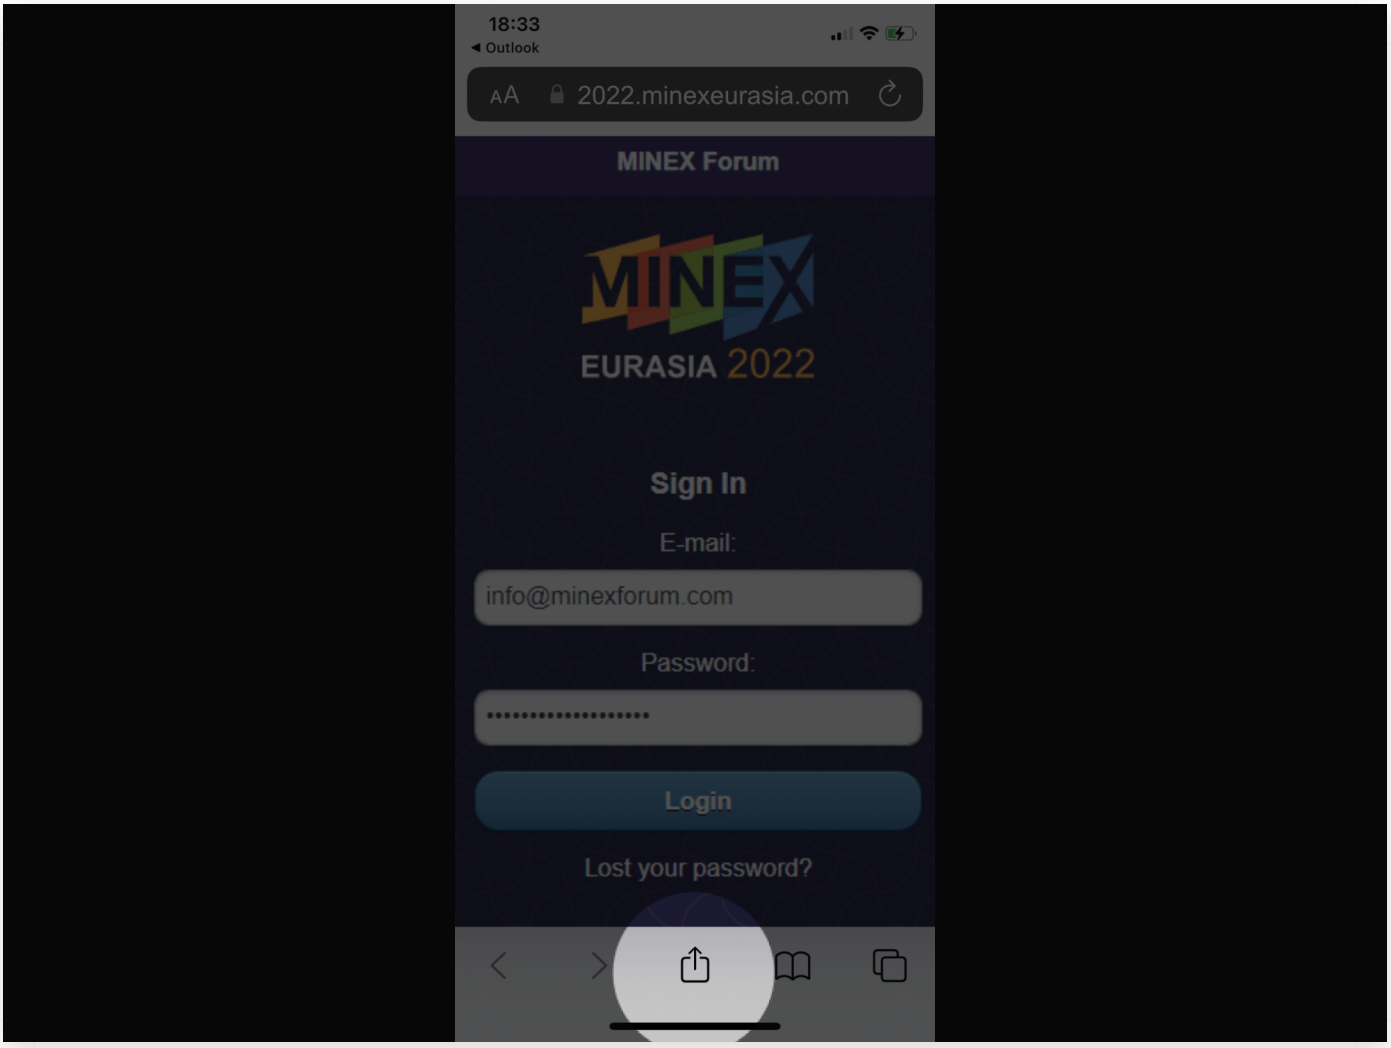
Hello! In this video, we will show you how you can add a shortcut on the home screen of your Apple or Android phone.



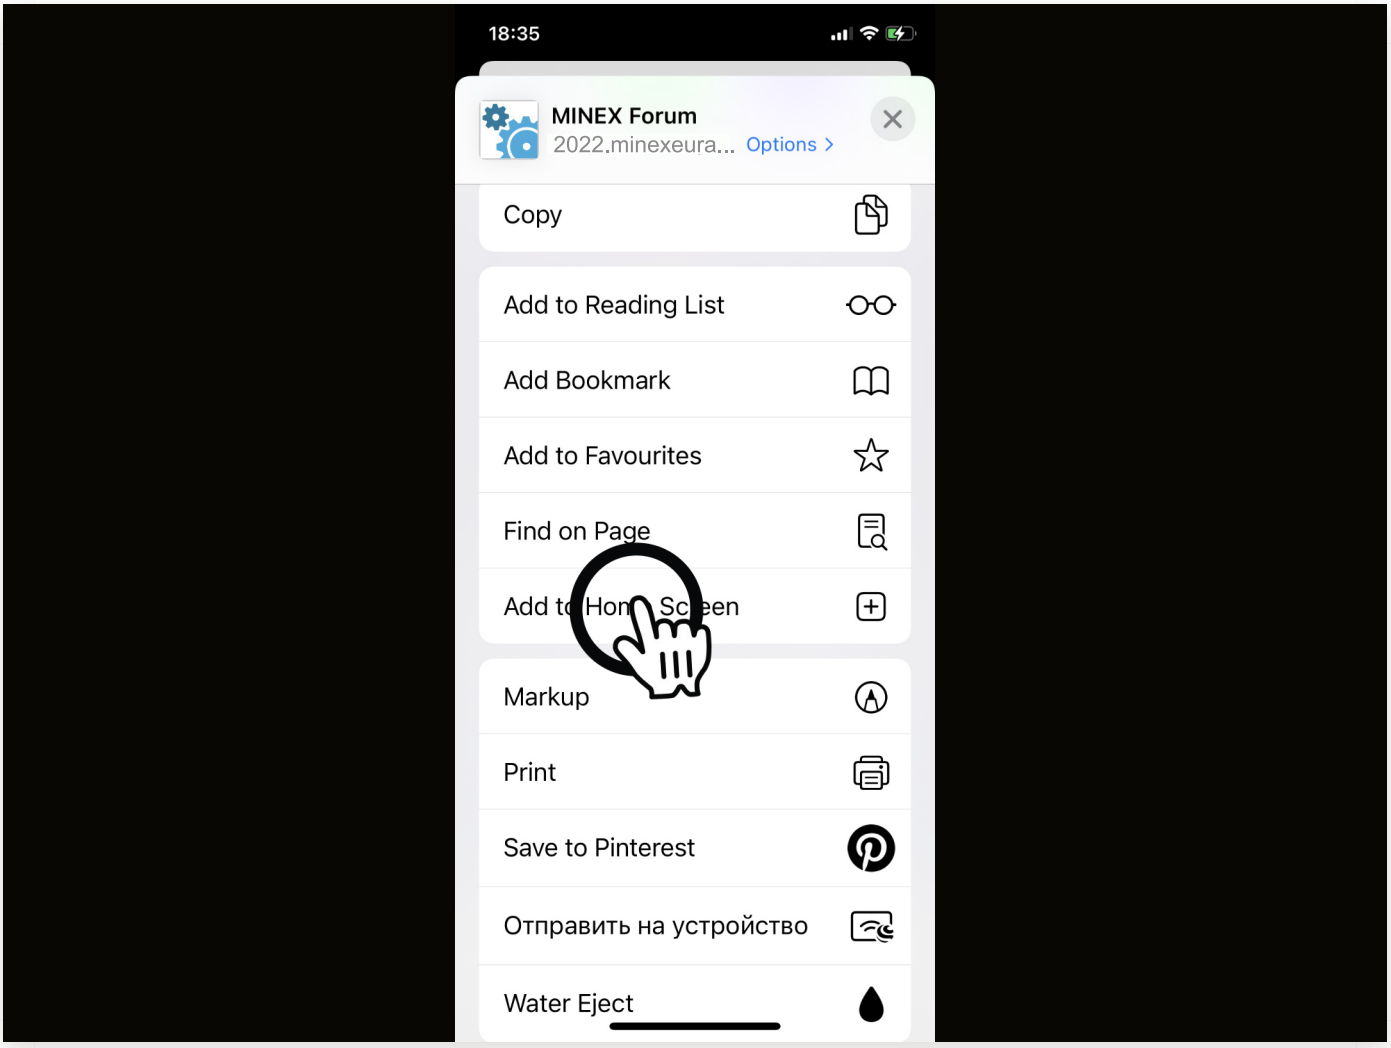
To start, open the login link we sent you.



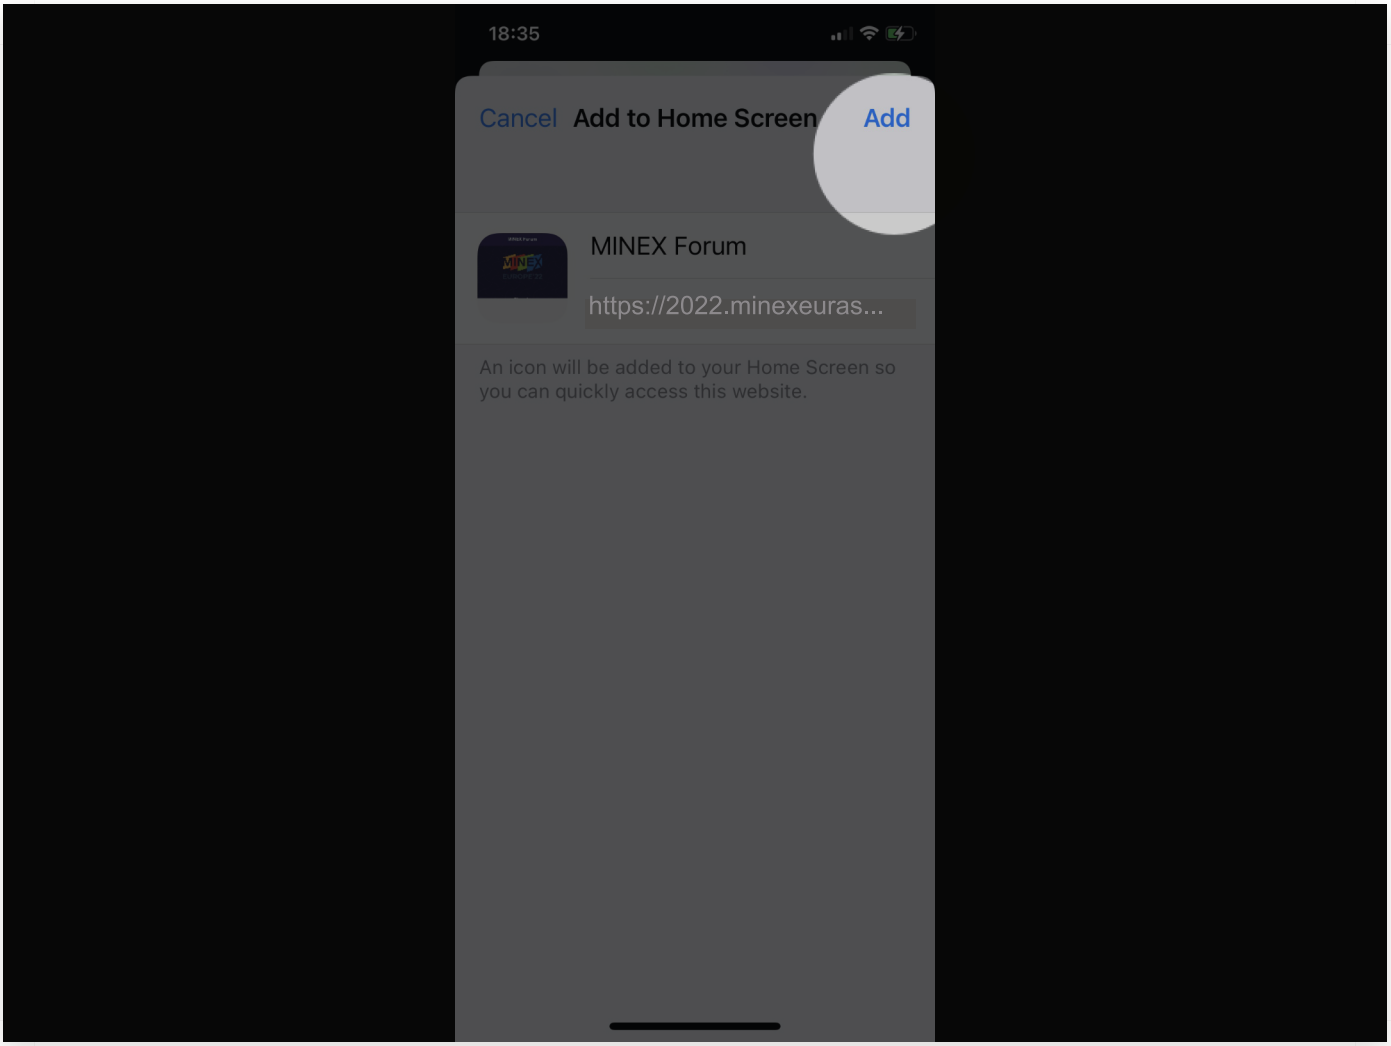
If you have Apple phone



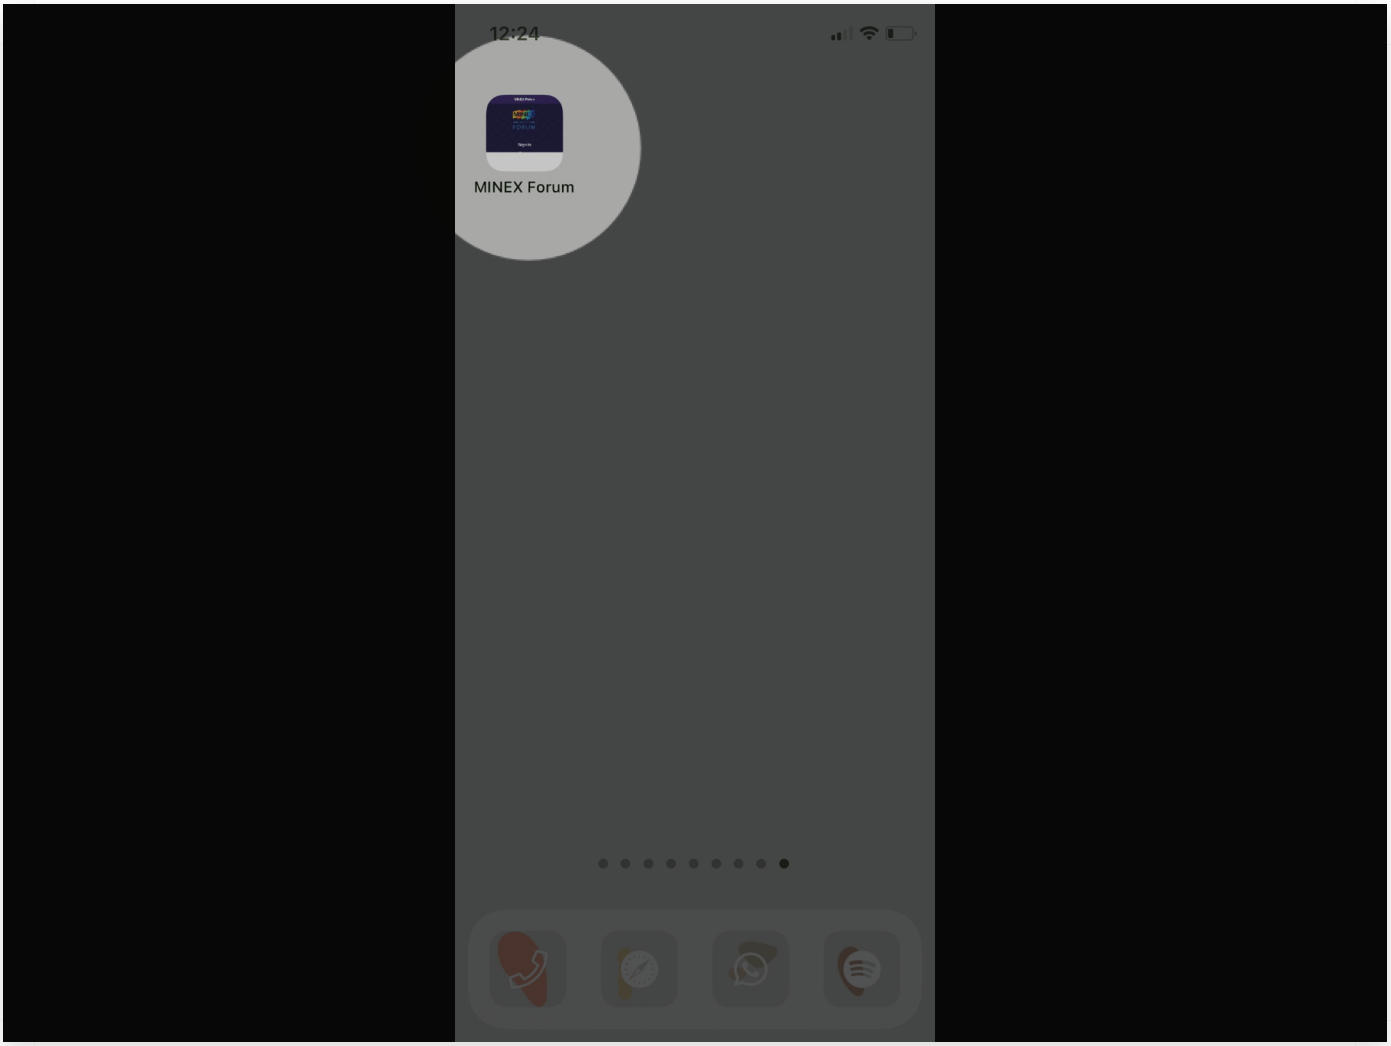
Open the link in the Safari browser and click "Menu".



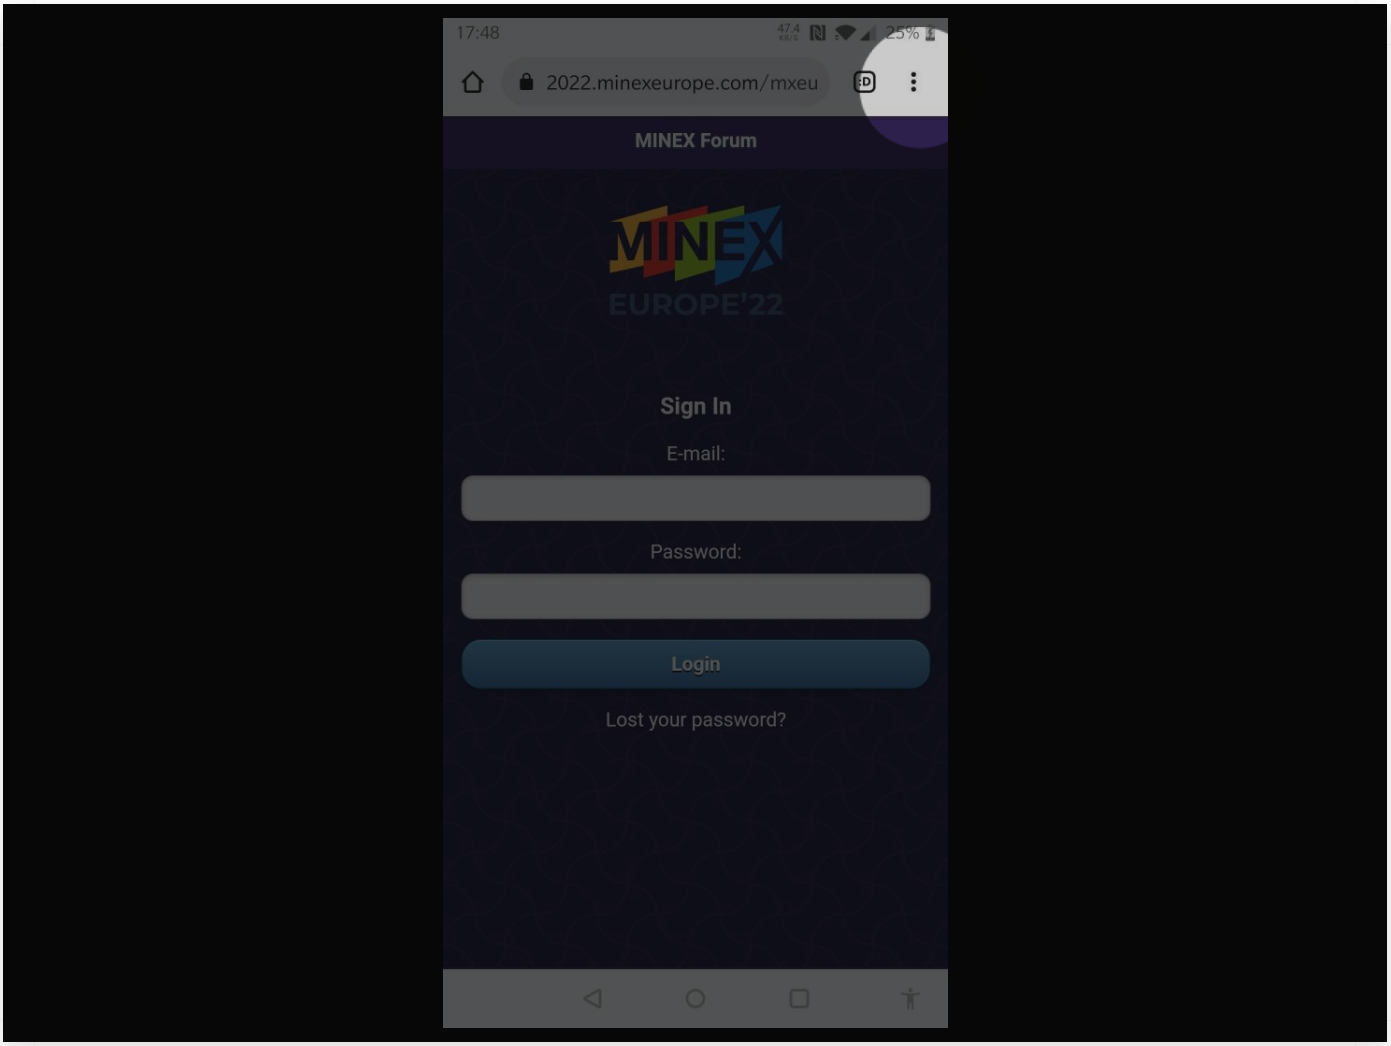
Then, find the "Add to Home Screen" Option



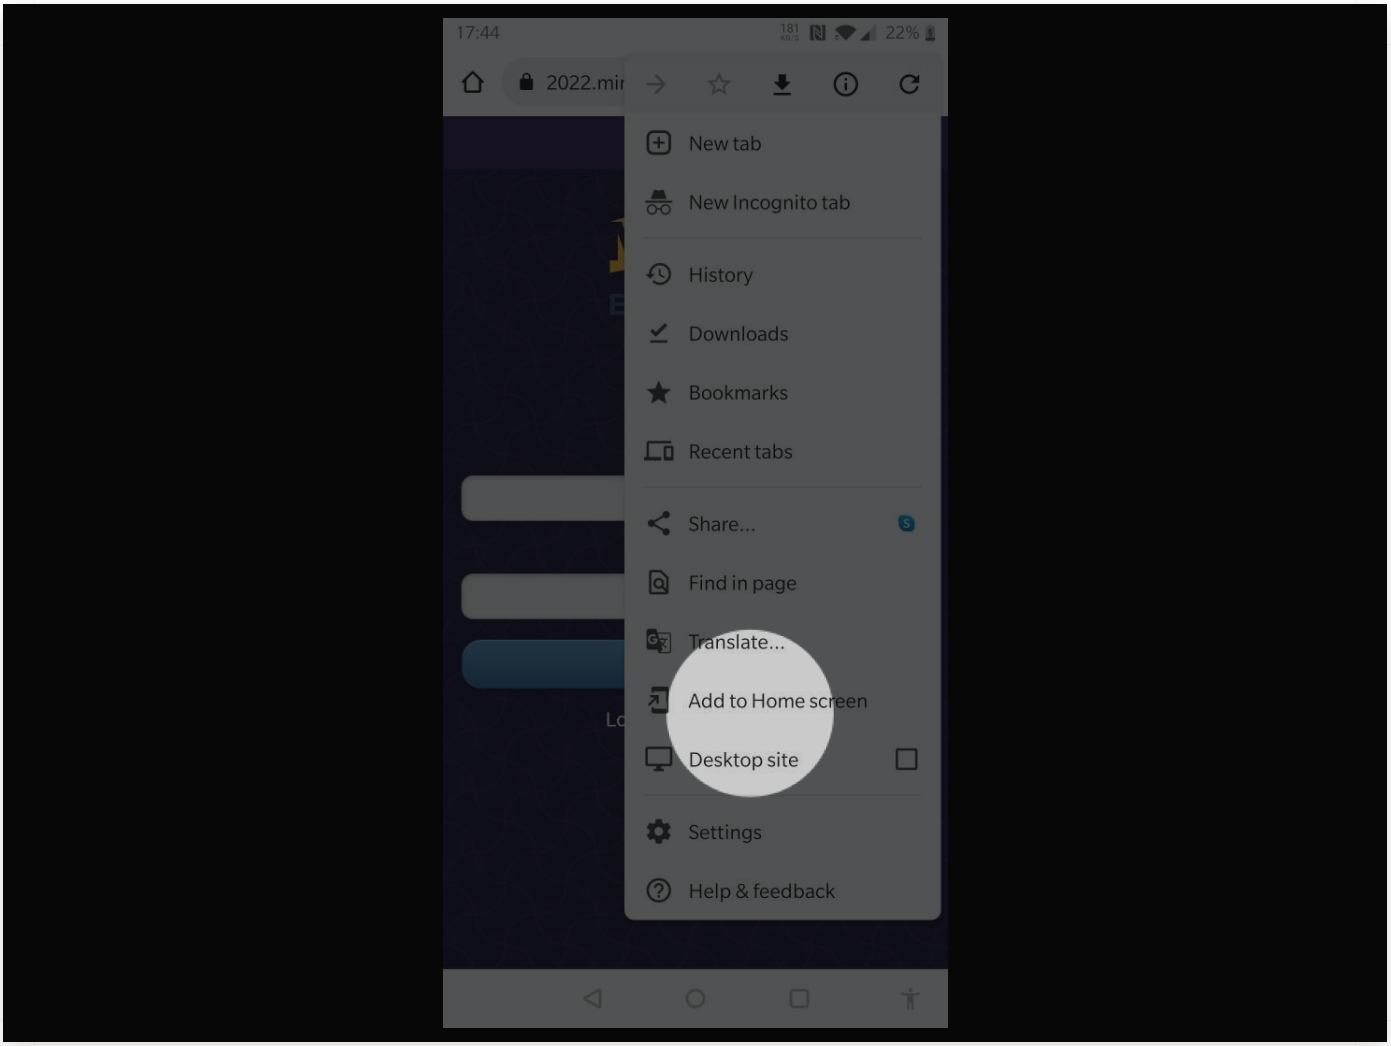
and click "Add".



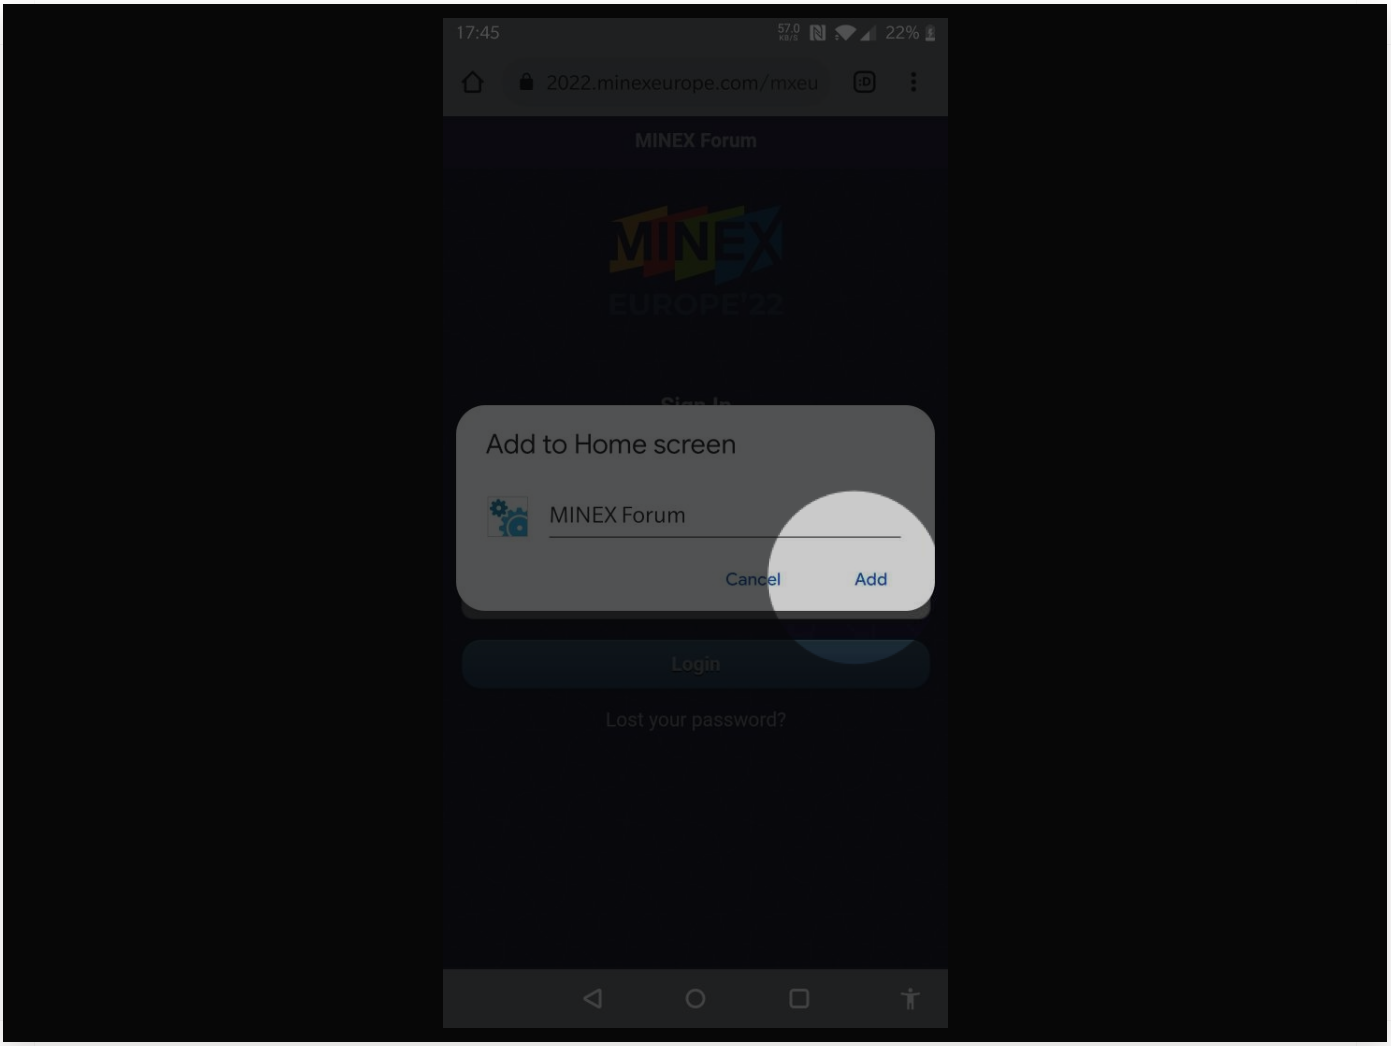
You can then access the application from your home screen.



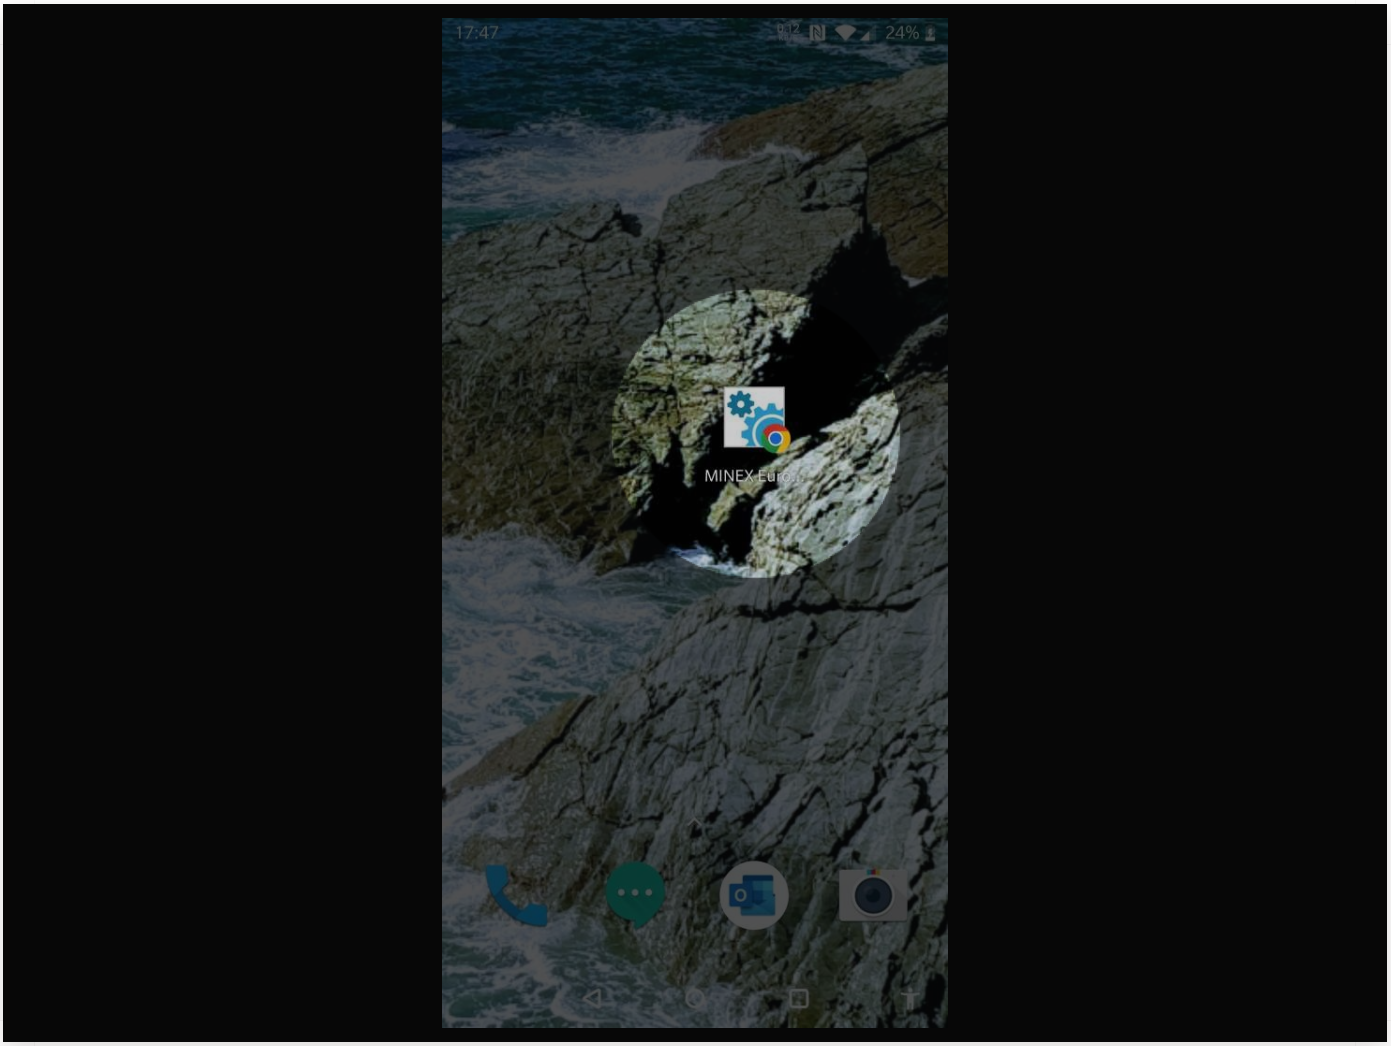
If you have an Android phone, please open the link in the Chrome browser and click three dots in the right top corner to open "Menu".



Click "Add to Home screen"



Change the name and select "add".



You will then find the shortcut to the application on your home screen.
